

RISK NOTICE

Actions with Cryptocurrencies carry inherent risks. Due to the fact that Cryptocurrencies are unregulated and decentralized, their value is not insured by any legal entities. The value of any Contract, any amount of any Cryptocurrency is subject to change due to several factors out of the anyone's control. These factors include but are not limited to changes of mining difficulty and/or other mining parameters/properties, fluctuating price (in fiat currency to Cryptocurrency exchange rate, such as USD/BTC) of Cryptocurrencies, obsolescence of hardware and amortization of hardware. The Customer understands and agrees that the worth of any Contact and any amount of mined Cryptocurrency may lose all worth at any moment of time due to the nature of Cryptocurrencies. The Customer understands that he/she is solely responsible for management of the Cryptocurrencies in his/her balance as well as any losses or charges incurred by any third-party entity.

Any information related to Cryptocurrency and Cryptocurrency mining that is/was posted, published and/or provided by via any channel of communication (including but not limited to: on the Website, in the Panel, via the Support Service, via Email newsletter, in social media) is subject to change.

CRYPTOCURRENCIES

You must not mine, buy, sell, exchange, hold, own or otherwise use or exploit Cryptocurrencies in any way which is prohibited by the applicable laws or regulations.

Cryptocurrencies may not be appropriate for everyone. Before mining any Cryptocurrencies, you should learn about them to ensure that they are appropriate for you. Like all currencies, there are disadvantages to using Cryptocurrencies. Some of the risks particular to Cryptocurrencies include:

- currency fluctuation - the price of Bitcoin and/or any other Cryptocurrency may fall sharply and may even fall to zero.
- transactions with Cryptocurrencies may be unconfirmed for a period of time. Although very unlikely, some Cryptocurrency transactions may never be confirmed - Cryptocurrency transactions which are unconfirmed are not completed.
- transactions with Cryptocurrencies are irreversible - if you send any amount of any Cryptocurrency to the wrong person, you may be unable to recover those funds.
- Cryptocurrencies may be lost if you lose or forget any PINs or passwords necessary to access and spend those Cryptocurrencies; • unknown technical defects inherent in Cryptocurrencies; and • new regulation which impacts the use of Cryptocurrencies.
- By agreeing to these terms of service or by mining Cryptocurrencies by using the services, you are indicating that you understand, are capable of understanding and accept the risks associated with Cryptocurrencies.

Hardware

Since you are buying hardware, which in many cases wasn't build to the purpose of be operational for extensive period of time (i.e. 24/7/365), there is a increased chance of the hardware malfunction.

In a case you did buy a hardware which was manufactured for use to mine cryptocurrency, you should know that It might be impossible to use it for any other use.

Some hardware may not be suitable for "home" use, it might be very loud, or generate extensive heat or require constant airflow which might not be achievable in all circumstances.

In some cases, you are buying parts which may need other components or software to function. In a case you will request the parts to be shipped, you might receive them without such additional components or software.

There are certain taxes, import duties, shipping charges, VAT, etc. which won't be paid in a case you will host your hardware outside of EEA which might total significant amount compared to the purchase price.

Changes out of your reach.

Since you will be mining cryptocurrency, which is essentially software code – this code can be changed by developers of the cryptocurrency. Such developers might do number of changes, which might result in adverse effect on you, or your hardware.

There is no guarantee of any sort that you will be making any profit for any period mining any currency because of nature of these changes. Most of the hardware we are selling has multiple use scenarios, and you can mine different cryptocurrencies, which might mitigate part of the risk.

Please make sure you fully understand all the aspects which are described here, and you should not buy any hardware before you understand all the risk involved. By proceeding with the registration, you acknowledge that you did read this, you understand the risk and the volatile, unpredictable nature of the cryptocurrencies.

You may only mine Cryptocurrencies for your own benefit. By using the Website and/or the Service you confirm that you are not acting for the benefit of any other person or entity.
